The strategy of this design was to design and prepare construction documents for a small store in one of the historical streets of the city with respect to the neighborhood.

Isfahan, Iran, Student Project, 284 sqm
Art University of Isfahan
School of Architecture
2009

13 students had to design 13 different stores in a way that there would be a proper City Wall in the neighborhood. The exterior walls were made of Bricks, Adobe and Simgel with minimum openings.
