PUBLIC		2011						

Pardis is a city near Tehran for future development. The project was to design retails and commercial complexes in an area with more than 100 residential towers for Low-income people.

We proposed schematic designs for five sizes of Commercial. Two were local retails, one of them was a regional commercial building, and the other two were urban commercial complexes.

Tehran, Iran, Professional Project, 35,700 sqm
(of 246,500 sqm)
Arsh[4D] Design Studio
2013

Responsibility :

Project Manager in preparing schematic designs for Commercial units. Proposed the vertical louvers for the facade and developed the idea. Also responsible for Modeling, Rendering and Post Production. And Led the Modelling and Rendering team.
