35° 42' 33" N - 51° 24' 44" E

We proposed smooth masses for the interiors of this small-scale office. Because these energetic surfaces can move continuously in the space.

We proposed curved linear lights for these surfaces to increase the energy level of the office. And we proposed white color for them in order to reach to a neuter and calm space.

Tehran, Iran, Professional Project, 120 sqm
espAr Studio
2014

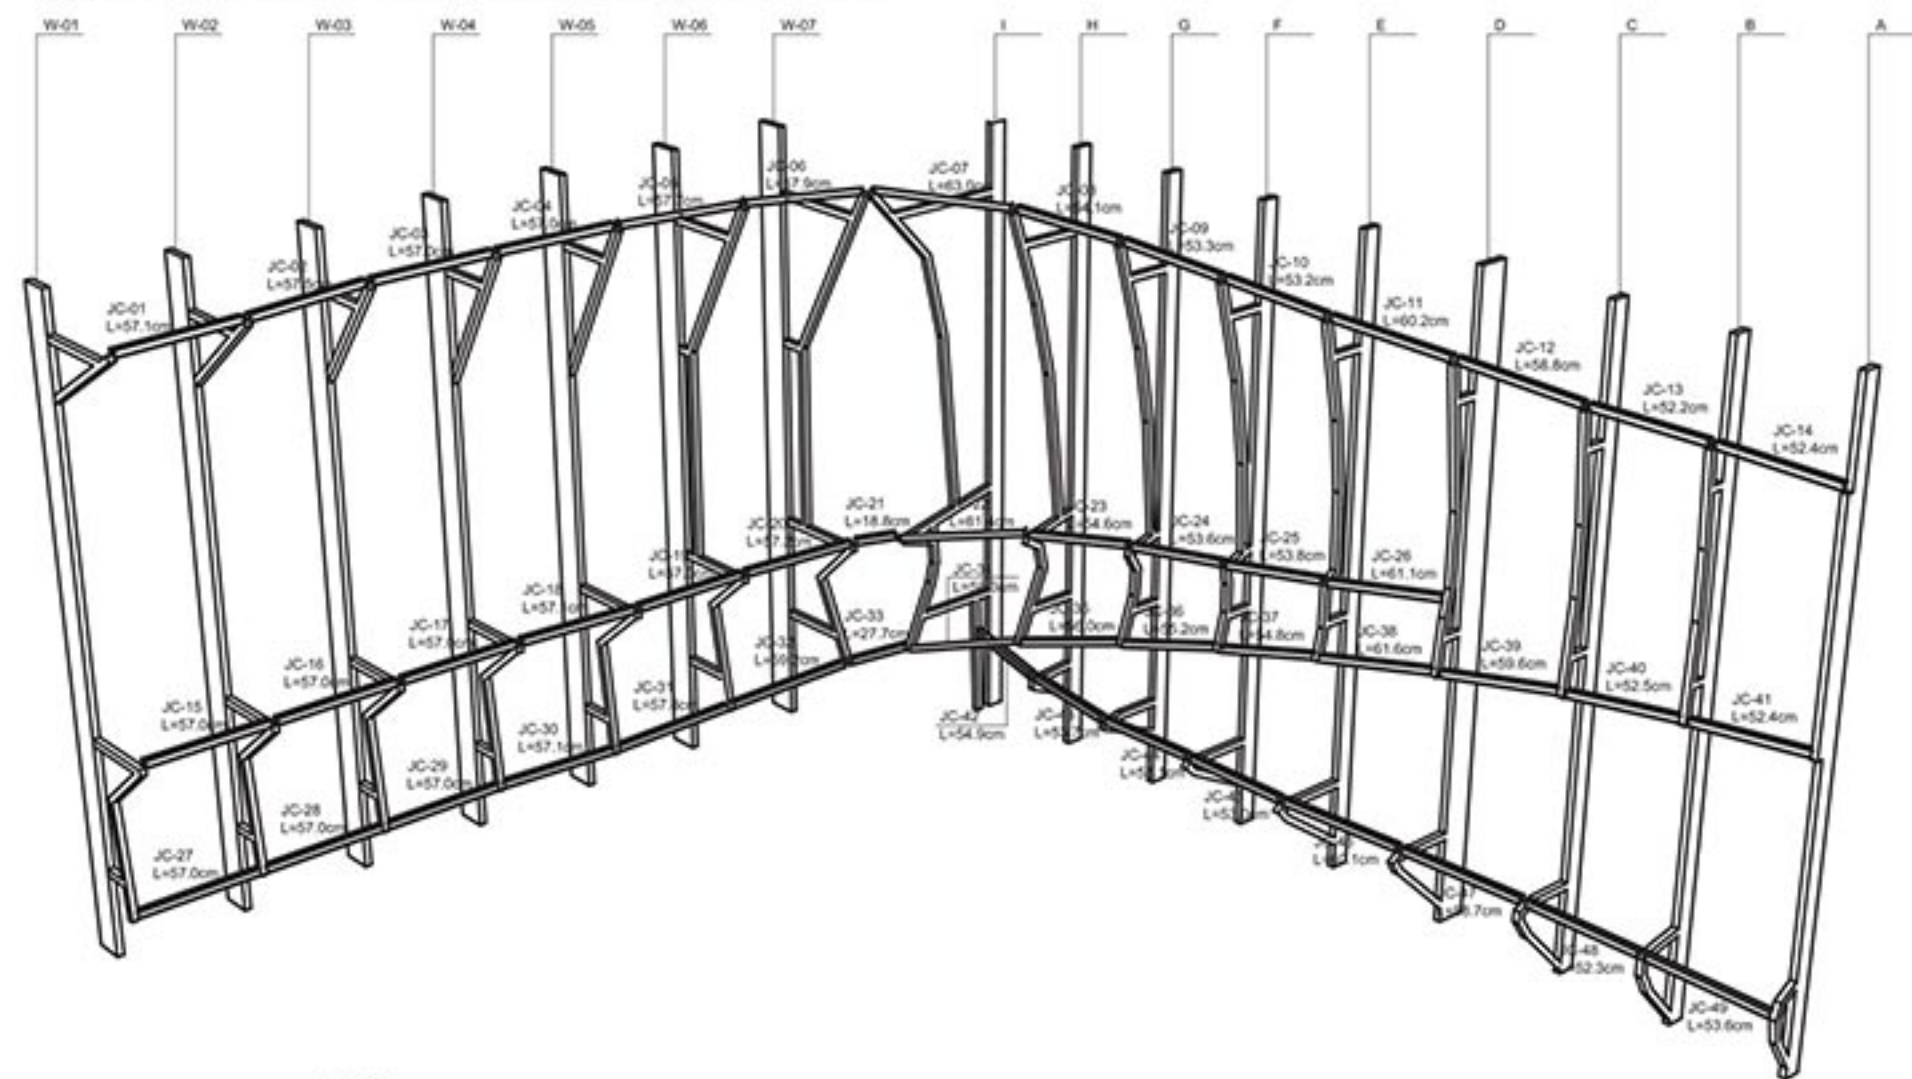

Responsibility :

Project Manager in preparing construction documents, integrated Lighting and Structure in to the design. Designed different alternatives for interior walls and proposed a solution to install them.
.Also responsible for Modelling, Rendering and Post Production

Structural frames under the smooth wall
